

The Prysmian ASEAN Scholarship

PRYSMIAN CABLES & SYSTEMS is a leading player in the industry of high-technology cables and systems for energy and telecommunications, the Prysmian Group is a truly global company, with sales that exceeded 5 billion Euro in 2007.

Organised in two business units — Energy Cables & Systems (submarine and terrestrial cables for electricity transmission and distribution) and Telecom Cables & Systems (optical fibres and cables for video, data and voice transmission and copper telecom cables), the Prysmian Group has a global presence in 35 countries with 54 plants, 7 R&D Centres in Europe, U.S.A. and South America and more than 12,000 employees.

Specialising in the development of products and systems designed on the basis of the client's specific requirements, Prysmian's main competitive strengths include its focus on research and development, ability to innovate its products and production processes, and the use of its own advanced proprietary technologies. Joining the Prysmian Group means belonging to a company where the quality of human resources is seen as a prime element of excellence and a major success factor.

One of Prysmian's operations worldwide, Prysmian ASEAN, reinforces Prysmian's strength as a multinational corporation which is deeply rooted in local markets. Our presence in the ASEAN economic region provides the framework for Prysmian's continuous growth within the Southeast Asian countries: Indonesia, Malaysia, the Philippines, Singapore, Thailand, Brunei, Lao PDR, Myanmar & Cambodia.

Prysmian ASEAN is present in:

INDONESIA - Cikampek plant
P.T. Prysmian Cables Indonesia

MALAYSIA - Shah Alam plant
Power Cables Malaysia Sdn Bhd

SINGAPORE – sales office with representative offices in Thailand and Vietnam
Prysmian Cable Systems Pte Ltd

Prysmian's most important resource is PEOPLE.
